First Call

NIRD URBAN-INCERC organizes **the conference dedicated to its 75th anniversary and the 27th edition of the research conference on constructions, economy of buildings, architecture, urban and territorial development**

75 YEARS OF RESEARCH IN CIVIL ENGINEERING, ARCHITECTURE AND URBAN PLANNING. FROM INCERC TO NIRD URBAN-INCERC, 1950-2025

22 May 2025

The event will be organized by the National Institute for Research and Development in Constructions, Urbanism and Sustainable Spatial Development URBAN-INCERC in Bucharest. The event combines the anniversary session with plenary scientific presentations of recent scientific achievements and guest lectures of renowned speakers.

The research conference on constructions, economy of buildings, architecture, urban and territorial development consists of an electronic poster session. Attendants must be **registered** freely *only* at: https://docs.google.com/forms/d/1pGuVMdxj1AmazYvDOrik_ze-g2wK6cQ-z_walPeU3PY/viewform
Attention! After the registration, the browser will display a confirmation page. This is the only confirmation of your participation; no e-mail confirming the registration will be received. However, the organizers will confirm the reception of materials to be presented and/or published and notify the corresponding author only if they are acceptable or conditioned upon changes.

In order to present a poster, attendants must register no later than **9 May 2025**. NIRD URBAN-INCERC offers attendants the chance to submit their work (abstracts and full papers) to its publications, available at <http://pub.incd.ro/>, described below. The order of publications in the list corresponds to increasing importance and exigencies. In any case, their publication is **conditioned** by the **acceptance of reviewers** and **strict observance of guidelines**.

- **Abstracts** (written in English and Romanian by the Romanian authors and English by the foreign authors) are published in “*Conferința de cercetare în construcții, economia construcțiilor, urbanism și amenajarea teritoriului. Rezumate ale lucrărilor*” (*Research conference on constructions, economy of constructions, architecture, urbanism and territorial development. Abstract Proceedings*), vol. 27, ISSN 2343-7537, indexed in *Ebsco, CiteFactor, ProQuest, Ulrich’s Web, Scipio, WorldCat* and *Europa World of Learning / Routledge* – website: <http://pub.incd.ro/AP/index.htm>. The deadline is **2 May 2025**.
- **Full proceeding papers** are published in “*Lucrările conferinței de cercetare în construcții, economia construcțiilor, urbanism și amenajarea teritoriului*” (*Paper proceedings of the research conference on constructions, economy of constructions, architecture, urbanism and territorial development*), vol. 27, ISSN 2393-3208, indexed in *CiteFactor, ProQuest, CEEOL, Scipio* and *Ulrich’s Periodicals Directory* – website: <http://pub.incd.ro/PP/index.htm>. The deadline is **2 May 2025**.
- **Full articles** are published in the journal *Urbanism. Architecture. Constructions*, ISSN 2069-0509 (indexed with 61 databases and 100 libraries – websites: <http://uac.incd.ro/EN/> and <http://pub.incd.ro/UAC/EN/index.htm>). The journal requires authors a rich bibliography, including at least 25 titles, out of which 90% should be published (journal articles, books and book chapters) and at least 80% should be ISI or Scopus journal articles, and strict observance of Author Guidelines, otherwise articles are desk-rejected. The deadline is **9 May 2025**.

Guidelines

Please do not submit any document, such as Power Point presentation, to the organizers. The only documents to be submitted are the posters, abstracts and full papers. The only acceptable formats are Word 2003 or previous (DOC) for abstracts and full papers, and PDF for posters.

Documents submitted in other formats will not be taken into consideration.

Posters must be sized A4, use the layout available at <http://conf.incd.ro/Doc/Sablon.ppt> and include the title, authors and affiliations, followed by the contents structured using the following sections: 1. *Context*, 2. *Materials and methods*, 3. *Results and discussions*, 4. *Conclusions*. If this structure is not suitable, the second and third chapters can lack or be replaced.

Published materials (abstracts, proceedings papers and articles) must observe the Author Guidelines specified by each publication. Non-compliance results in an automatic rejection from publication, although authors can present their work (supporting text and audio) in the conference.

Language. Romanian authors will draft their presentations and full proceedings papers in Romanian or any foreign language, abstracts in Romanian and English. Foreign attendants will write the abstracts in English, implying a permission given to the organizers for translating them in Romanian, if needed (based on the attendance), and full proceedings papers in English or French. Full journal papers for the journal *Urbanism. Architecture. Constructions* will be submitted in English for all journals. Posters may be made in Romanian, English or French.
